

# Pneumatic Angle Grinders

4" Vibro- Lo™ Pneumatic Angle Grinder, Part No. 170.4075

4" Pneumatic Angle Grinder, Part No. 170.4050

7" Pneumatic Angle Grinder, Part No. 170.4070

**Lightweight, robust and high performing pneumatic angle grinders to suit a wide variety of grinding and cutting applications.**

## TECHNICAL DATA

| Model                                 | Vibro-Lo™ 4" Pneumatic Angle Grinder | 4" Pneumatic Angle Grinder | 7" Pneumatic Angle Grinder |
|---------------------------------------|--------------------------------------|----------------------------|----------------------------|
| Part No.                              | 170.4075                             | 170.4050                   | 170.4070                   |
| Speed (rpm)                           | 10,000                               | 12,000                     | 7,000                      |
| Air Consumption (cfm)                 | 10                                   | 10                         | 12                         |
| Weight (kg)                           | 1.7                                  | 1.76                       | 2.9                        |
| Vibration Level (m/sec <sup>2</sup> ) | 1.2                                  | 5.1                        | 6.2                        |
| Sound Pressure                        | 83.7 db(a)                           | 82.9 db(a)                 | 90.0 db(a)                 |
| Length (mm)                           | 230                                  | 220                        | 337                        |
| Spindle Size                          | M10                                  | M10                        | 5/8" unc                   |
| Angle Head Height (mm)                | 89                                   | 85                         | 110                        |
| Motor Output (hp)                     | 0.85                                 | -                          | 1.0                        |

## FEATURES

- Safety trigger
- Rear exhaust\*
- 4" & 7" Disc grinder
- Alternative handle available
- Lightweight, ergonomic design
- Spindle lock for fast changing of discs\*

*\*Available on the Vibro-Lo™ model*

## APPLICATIONS

- Cutting
- Grinding
- Polishing
- Smoothing
- Rust removal
- Concrete, Steel or Aluminium

**SPECIAL FEATURE : LOW VIBRATION 4" MODEL**

Always look for the Vibro-Lo™ label on tools designed to reduce the risk of vibration related injuries
